

**FLETCHER CREEK IMPROVEMENT DISTRICT
BYLAW NO. 35**

A bylaw to amend Bylaw No. 5 being the "Water Distribution Regulation Bylaw".

The Trustees of Fletcher Creek Improvement District ENACT AS FOLLOWS:

1. That the District's Bylaw No. 5 passed by the Trustees on the 9th day of May, 1981, and registered by the Inspector of Municipalities on the 24th day of August, 1981, is hereby amended by:
 - A. deleting 8. thereof
 - B. deleting 10. thereof and substituting the following:
 10. No person except the Trustees or Trustee-appointed agents shall open, shut, adjust, draw water from or tamper with any of the District's works.
 - C. deleting 13. thereof and substituting the following:
 13. No person to whose premises water is supplied shall make, or permit to be made, any additional connection to his service of either temporary or permanent nature, for the purpose of supplying water to another building, or house trailer on his, or any other property without written permission of the Trustees. Such connections may be requested by submitting to the District a written request, complete with plans, of the proposed connection.
 - D. deleting 14. thereof and substituting the following:
 14. No person shall interconnect any portion of works on private property which are supplied by the District with an external source of water, such as a well, pond, swimming pool, hot tub, watering trough or any exterior faucet, except with written permission of the Trustees. Wherever works on private property which are supplied by the District are connected to a body of contaminated water such as the aforementioned external sources, in such a way that if a reverse flow were to be induced a health hazard could result, the owner of the private property shall install and maintain a back-flow preventer or anti-syphon device on every such potentially dangerous cross-connection to the approval of the Trustees.
 - E. deleting 20. thereof in its entirety and substituting the following:
 20. Where, in the opinion of the Trustees, the quantity of water being used or the rate which it is being used from time to time, through any service is in excess of that contracted for or otherwise considered adequate, the District may take such measures as are considered necessary to limit the supply to said service. These measures may include the installation of a meter, partially closing the controlling curb stop or standard waterworks valve, regulating the rate and time at which water may be used or, establishing special charges for water used in excess of a stipulated quantity or rate. The cost of any measure deemed necessary by the Trustees under this section shall be paid

by the owner or owners concerned. The Trustees may limit the amount of water used by any service in the interest of efficient operation of the District's works and equitable distribution of water.

F. Deleting 24. thereof and substituting the following:

24. (a) The Trustees may at any time introduce regulations restricting the use of water for sprinkling or any other purpose. Upon receiving due notice of such restriction, no person shall use water for the purposes forbidden by, or in excess of the limits imposed by, such restrictions. Due notice of restrictions shall be given either by publication in a newspaper circulating within the District or by mail or telephone or other form of communication deemed appropriate by the Trustees.
- (b) No person shall, without permission of the Trustees:
- (i) Use water for sprinkling in excess of reasonable requirements or as otherwise prescribed by the Trustees; or
 - (ii) Use more than two outlets at one time for sprinkling purposes, neither of which said outlets shall exceed $\frac{1}{2}$ inch in internal diameter; or
 - (iii) Use an open pipe or hose for sprinkling purposes.

G. Deleting 25. thereof and substituting the following:

25. The District does not guarantee a specific pressure, nor water of quality or quantity to meet the special requirements of individual users. The District reserves the right to interrupt water service at any time for the purpose of making repairs or alterations to the works. If service is to be interrupted for more than four consecutive hours, due notice shall be given to those water users affected.

2. This bylaw may be cited as the "Bylaw No. 5 Amending Bylaw".

INTRODUCED and given first reading by the Trustees on the 7th day of July, 1999.

RECONSIDERED and finally passed by the Trustees on the 7th day of July, 1999.

Chairman of the Trustees

Secretary of the Trustees

I hereby certify under the seal of Fletcher Creek Improvement District that this is a true copy of Bylaw No. 35 of Fletcher Creek Improvement District passed by the Trustees on the 7th day of July, 1999.

*A true copy of By-Law No. 35
registered in the office of the Inspector
of Municipalities this 29th day of
July 1999*

Deputy Inspector of Municipalities

Secretary of the Trustees
